

# Starschema Homework

The Big Data Theory

September 28, 2017

Dear Participants,

You only have to do this homework, if you're coming to the Starschema lecture on Wednesday.

The job for now is to download and install the free 14-day-long trial of Tableau from

<https://www.tableau.com/products/trial>.,

If you want, feel free to read *Tableau demo\_Starschema Ltd.pdf* too.

Greetings,  
József Mák  
EESTEC LC Budapest
